

# DESIGNING SOLUTIONS FOR ADVANCED CURING SYSTEMS

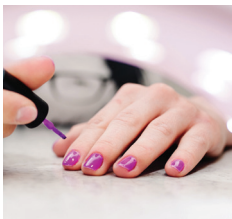

OCTOBER 15-16, 2019

INNOVATIONS  
FOR UV-CURABLE  
3D PRINTING

SOLUTIONS FOR  
SUPERIOR REACTIVITY

RESPONSIBLE SOLUTIONS  
FOR NAIL CARE

HIGH-PERFORMANCE  
FILM PROPERTIES AND  
SURFACE EFFECTS

ADVANCEMENTS FOR  
EB CURING

SUSTAINABLE &  
COMPLIANT APPROACH

## MEET US BOOTH B.17

## Novelties

### ADDITIVES

A unique range for superior curing systems performance

### NAIL CARE

A dedicated product range for nail applications

### UV PULTRUSION

Engineered solutions for processing of reinforced fibers

### EB CURING

Latest recommendations for advanced EB-curable systems

## Conferences

Comparison of photo and electron beam polymerization

OCT 15 @ 10:30 AM  
SESSION 2

Very high-performance methacrylate oligomer resins

OCT 15 @ 11:30 AM  
SESSION 2

PSAs advancements: from basics to smart adhesives

OCT 15 @ 3:30 PM  
SESSION 4

Innovations in methacrylic systems for 3D printing

OCT 16 @ 9:00 AM  
SESSION 5

Best reactivity boosters for low-energy curing

OCT 16 @ 11:00 AM  
SESSION 9
